**NOTICE**

The Criminal Justice Act Plan of the United States District Court for the Southern District of Ohio requires, *inter alia*, that appointed counsel advise the Court if the client's financial circumstances change sufficiently to enable him/her, to pay, in whole or in part, for legal representation. *CJA Plan*, Part v(D) (2).

If you become aware (through non-privileged communications) of a significant change in your client's employment or financial circumstances, you must promptly notify the judicial officer (either District or Magistrate Judge) who made the original appointment.

While a change in your client's financial status will likely not result in a change of counsel, the Court may order your client to reimburse it for some or all of the costs associated with Defendant's defense.
